 "Forklift" = All class I, II, III, IV, V and VI powered mobile material handling equipment

<i>I need to manage my fleet...</i>	
-------------------------------------	--

I want a vehicle management system to help me manage my fleet/forklifts	✓
I want a vehicle management system, but I don't want to manage my own fleet/forklifts	✓
I only want to manage my assets and spend over the long-term	

<i>T-Matics Differentiation</i>		
My fleet is less than 10 forklifts	✓	
My fleet is more than 10 forklifts	✓	✓
I offer my forklifts for rent	✓	
My forklifts operate in multiple locations or facilities	✓	
I don't move my forklifts from facility-to-facility. They are assigned and operate in a single location	✓	✓
I want data on my forklifts only, not the operators	✓	
I want data my operators and restrict access to my forklifts		✓
I don't want to install hardware at my facility	✓
