YOUR BUSINESS IS RIDING ON IT.

# DEALER NETWORK

YOU CAN COUNT ON OUR DEALERS  
LIKE YOU COUNT ON OUR FORKLIFTS.

Alan - 360 Technician,  
Atlas Toyota Material Handling,  
Chicago, IL

Reliability, cost efficiency, and long life are built into every Toyota forklift we produce. But there's another important characteristic that's built into our dealer network. Trust.

The foundation of Toyota 360 Support is North America's largest dealer network. From sales to service, our dealers offer far more than salespeople and technicians. They're regarded as true solutions providers, offering everything from maintenance to repairs to warehouse consulting to site surveys – all focused on improving your facility's efficiency.

#### WHATEVER YOU NEED TO KEEP YOU MOVING FORWARD. WHEN YOU NEED IT.

Whether it's deploying a dedicated team of Toyota Certified Technicians to your worksite or having specialists on the ground to help assess your warehouse and facilities needs, Toyota 360 Support is a rock-solid partner providing solutions whenever and wherever material handling issues arise.

Of course, Toyota 360 Support encompasses a dealer network, which means we sell, lease, and rent forklifts. As the largest dealer network, we possess the largest fleet of rental and used forklifts. And every one of them are eager and ready to go to put in the long hours it takes to make your facility a success.
