

# TOYOTA'S PREMIUM COMFORT SEAT

## A COMFORTABLE RIDE ALL SHIFT LONG

Toyota's Premium Comfort Seat delivers advanced ergonomics where it matters most to keep operators comfortable and on task—shift after shift. Operators will appreciate the smooth ride provided by full-suspension support and a multitude of adjustment options to fit their exact needs.

**Available On:** Mid and Large IC Cushion and Pneumatic Forklifts in both cloth and vinyl (as shown).

## TAKE A LOAD OFF

Heavy duty jobs require heavy duty support. That's why our Premium Comfort Seat comes standard with over 2.75" of suspension travel and superior vibration absorption for a smooth ride, indoors and out. Thick seat covers and ergonomically designed seat bolsters provide incredible support and durability with both vinyl and cloth materials available to suit your preference.

## GET IN YOUR COMFORT ZONE

With up to six inches of seat slide and the ability to adjust tilt, the Premium Comfort Seat is designed with the operator in mind. Adjustments to lumbar support and seat suspension are quick and easy, allowing operators to tailor the seat for optimal comfort.
