

WHY SUBSCRIBE TO A MYINSIGHTS® PACKAGE?

Enhance your MyInsights® experience by subscribing to the MyInsights® Plus, MyInsights® Plus Compliance, or MyInsights® Plus Productivity packages. These subscription options provide businesses with in-depth insights into vehicle performance and overall operational efficiency. With access to real-time analytics, fleet managers can make smarter and faster decisions that help reduce costs, increase productivity, and maintain a competitive edge.

PRE-OPERATIONAL CHECKLIST & ACCESS CONTROL

Conduct routine, thorough inspections of your fleet with the MyInsights[®] Plus Compliance package and display to facilitate OSHA compliance and foster a reliable, streamlined work environment. With the MyInsights Productivity[®] package, operator access control and impact/checklist lockouts further strengthen accountability by ensuring only authorized, compliant operators can use equipment and that issues are addressed before operation. With a subscription and display hardware, you'll benefit from:

- User-friendly 7" color display
- Direct access to available hour meters from display
- Customizable, multi-language checklist questions, responses, and alerts
- Digitally store checklist questions and response history
- Operator badge-in access control*
- And more

*Available on MyInsights[®] Productivity package only.

(Display has an additional cost of \$1,050)
